### **Who are OYSTER OPERA?**

*Designed to entertain anyone, anywhere, at any kind of event, we are proud to present **Oyster Opera!** With a firm commitment to bringing opera to everyone. **Oyster Opera** was created in order to bring the magic of opera off the distant stage and closer to the public. Maybe you thought opera was boring!!? Well, people never forget the experience of Oyster Opera - it's not every day you encounter a professional opera singer at such close range, let alone be invited to waltz along with the soprano to Verdi's Brindisi, or be enveloped by a smouldering Carmen, or have a charming, budding Pavarotti serenade you on one knee!
