

Campaign to Protect
Rural England
HAMPSHIRE

On behalf of SHUV (an alliance of concerned groups) CPRE South Hampshire invites you to a discussion forum for amenity and community groups and parish councils

South Hampshire's Unheard Voices (SHUV)

Tuesday 16th May at 7.30pm

Funtley Social Club, 84 Funtley Road, Fareham, PO17 5EE

Is your group concerned about the over-development of South Hampshire?

Do you fear that the South East Plan and 80,000 homes planned for the region will put undue pressure on traffic, health services and water?

Are we using all the existing empty homes in the area?

Is all of South Hampshire Urban, or could a new Greenbelt help to protect the remaining rural areas for people and wildlife?

Having just rejected several transport improvement proposals, is it likely the Government deliver the asked for infrastructure?

Do you feel you have been adequately consulted, or are you unheard?

Can we have any influence? – **YES, but only if we work together**

If you want to exchange ideas or expertise with other concerned groups
